CV Axles for ATVs, UTVs, & Side-by-Sides

Now available at your Federated Auto Parts store!

TrakMotive® CV Axles for ATVs, UTVs, and Side-by-Sides are engineered from the ground up to be the highest quality, most reliable, and toughest CV axles on the market. Manufactured with the highest quality materials and engineered to hold up in the most rigorous conditions, they are built to withstand rough terrain, water, mud, and sand.

OE REPLACEMENT

- Up to 20% stronger than OEM
- Chrome steel solid center shaft
- High performance moly grease
- High quality Neoprene rubber dust boots for improved flexibility
- Work at varying angles and constant rotational speeds without friction or play

HEAVY DUTY

- Up to 35% stronger than OEM
- Chromoly steel solid center shaft
- Premium heavy duty, high temp moly grease
- TPE (Thermoplastic Elastomer) dust boots for superior tear and puncture resistance
- Greater durability and smoother performance under severe operating conditions
